

“If children are offered suitable opportunities to learn, they can do more than just fly; they can soar!”  
— Dr. Bisa Batten Lewis

**WINGS:** *The Ideal Curriculum for Children in Preschool* places “The Story of the Bumblebee” at its core to constantly remind early childhood educators that **every child can learn!** It’s the job of the parents and teachers to mix the right ingredients to encourage learning to happen. Therefore, *parents and teachers help children to take flight.*

**WINGS** is an acronym for **Wonder Interests Needs Goals Skills.**

The *WINGS Curriculum Book of Forms* includes forms for...
